Important information

PLEASE PROVIDE CLEAR WRITTEN INSTRUCTION.

To ensure the accuracy and quality of finished goods, we are not able to accept personalisation instruction by telephone or via the website.

Personalised garments are **non-returnable** and we recommend that you sample and try garments for fit, before ordering your design application.

DON'T FORGET TO SEND US YOUR ORIGINAL ARTWORK.

Personalisation is a complete service supplied to customers purchasing uniform from Simon Jersey and design files remain the property of Simon Jersey. Copy design file disks are not available as independent mail order items. Your design instructions are important to us, as this is a chargeable service (see set-up tariff above).

Standard delivery charge applies and garments will be at catalogue price + TAX (or to Corporate Contract tariff).

Standard personalisation positions

Standard positions to the left or right side (as garment is worn).

Embroidery on pockets makes them non-usable.

Add your company logo in seven easy steps

- 1 Choose from tabbing, screen printing, embroidery or a badge.
- 2 Decide which illustration you want to use, including finished size and Pantone colours. Consider which garments you want to personalise and what position on the garment you want the logo to appear. (See opposite for guidance).
- 3 Complete and return a custom made personalisation form along with your original finished artwork.
- 4 Simon Jersey will provide, within approximately ten working days, an embroidery sample or screen print graphic with your new logo design, for you to approve.
- 5 If you're happy with your design samples, send us your written authorisation to proceed with your order.
- 6 Finished garments are usually personalised and dispatched within 10 working days of receipt of your written authorisation to proceed (subject to garment availability).
- 7 We will store your design file and re-use for repeat orders although changes will incur additional costs.
